The Diamond Star™ - High Efficiency Beginners Grinder

To ORDER NOW: If you are a stained glass consumer, e-mail your [Wish List](#) to your local retailer or visit your local stained glass store in person. Please search the Retailers List for a store nearest you. If you are a stained glass retailer, please check our [Distributor List](#) for a source near you.

A great grinder for the beginning hobbyist, and the perfect grinder to start the new student down the road of success. The hassle-free performance of the Diamond Star allows students to spend more time learning.

- Powerful 1/18 HP, 3450 RPM motor.
- 14 Inch-ounces breakdown torque.
- Long-lasting 3/4" plated grinding head.
- Convenient coolant drain.
- Flexible rubber splash guard.
- Exclusive built-in accessory drawer.
