

Inland Product Information

SecondStory™ Work Surface: Stock no. 50001

The SecondStory™ Work Surface makes grinding easier!

Key Features:

- Elevating the work surface makes using the smaller grinding bits easier.
- Keeps the glass level, preventing angled edges.
- The self contained coolant reservoir keeps the bits lubricated, allowing for longer bit life.
- Fits all Inland grinders and other brands with an open grid work surface.

Product Uses:

- Use the SecondStory™ work surface any time you are grinding on the upper bit.
- Works on all Inland and Kristall glass grinders.

Product Specs:

- **Stock no. 50001**
- Construction: Injection molded high impact plastic.
